 Low – Monochromatic; consistent color within each tile, and from tile to tile.

Grout joint recommendation – 1/16"

## approved usage: Walls, Countertops

<b>F*</b>	<b>W</b>	<b>C<sup>▲</sup></b>	<b>E**</b>
Floors	Walls	Countertops	Exteriors

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. For additional product information, refer to "Factors to Consider" at [www.daltile.com/ResidentialFactors](http://www.daltile.com/ResidentialFactors).

\* Residential bathroom floors in Matte colors.

\*\* Non-freezing climates only.

▲ Darker colors on counters may show scratches

For complete product information, visit our website at [www.daltileproducts.com](http://www.daltileproducts.com)

**Note:** Since there are variations in all fired ceramic products, the tile and trim supplied for your particular installation may not match these samples. Final selection should be made from actual tiles and trim, and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Special care should be taken when grouting with dark pigmented colors. For additional application information refer to "Factors to Consider" at [www.daltile.com/ResidentialFactors](http://www.daltile.com/ResidentialFactors).
